RULES AND REGULATIONS

Attendance is the most important factor in student success and graduation!!! Students are expected to show respect for themselves, their classmates, and all faculty. Good attendance is a necessity as it ultimately instills professional standards that will be expected by future employers and clientele. Therefore, the following attendance policy is in effect for every six-week period. Perfect attendance is expected of each student and satisfactory attendance is vitally important and is a requirement of all students. All absences are recorded and made a part of the student’s permanent record. Students are required to notify their instructors or administration when they are to be absent or tardy. Excessive absenteeism of greater than 20% in any class or as a whole is unacceptable and are grounds for disciplinary action including termination. In general, students will be allowed to miss no more than 5 class days in any 6-week period. On the 6th absence the student may be dropped from the class and must wait until it is offered again and retake it. Students are expected to show respect for themselves, their classmates, and all faculty. The student may also be charged for each class that must be retaken due to forced withdrawal or failing of a class. Legal and school holidays, breaks, and class cancellations are not included in calculations for class attendance and are therefore not considered days of absence.

TARDINESS AND ABSENCE

Students who report to class between the time class officially begins and ten minutes after class officially begins will be considered tardy for that hour. Students entering the classroom 10 minutes or later from the time class officially begins will be considered absent for that one class hour. Tardiness 3 times in one month, or in succession, will be charged as one-hour absence. If after initial counseling the tardiness continues, the student may be suspended or terminated unless the director determines that the progress of the student has not been inhibited.

LEAVE OF ABSENCE

A student may be granted a leave of absence for a reasonable amount of time as determined by the school’s Director. This request must be in writing and must include the expected start date and the expected return date. If the student does not return within the specified time and has not contacted the school to make other arrangements, the student will be terminated and granted a refund in accordance with the Cancellation and Refund Policy. A student may take 2 leave of absence per enrollment. If a student needs to take a third leave of absence, that student must drop from the program and may enroll again later.

MAKE-UP WORK

Students may make up work not completed due to an absence. Make-up work may be assigned to allow a student to progress in a timely manner. The scheduling of make-up work is left up to the discretion of each individual instructor with approval from the campus Director. It is not the responsibility of the instructor to inform the student that he or she needs to make up work. The student must inform the instructor that he or she missed hours and find out if there is any make-up work to be done.

MAKE-UP HOURS

Make-up hours are considered class work to be completed when a student misses a day and needs to make up those hours. Make-up hours must be made up on campus only and not offsite for any reason. Make-up work is determined by hours rather than work completed. Regardless of whether students can “make-up work”, students are responsible for all course material taught. Students needing to make up hours must pay \$25.00 per hour to make up each hour. Students who miss hours due to sickness (must have doctors note or be excused from class by their instructor), death in the family, family sickness (must have doctors note), or injury will be allowed to make up class at no charge. Make-up hours must be approved by the director. It is not the responsibility of the instructor to inform the student that he or she needs to make up hours. The student must inform the instructor that he or she needs to make up hours. If a student fails to show up for a clinic or fails to give a 24-hour notice that they will not be able to attend clinics which results in a client being unable to receive his or her scheduled massage, that student must make up an additional hour per client.

CLINIC MAKE-UP HOURS

Clinic Make-up hours are considered hands-on hours with the public to be accomplished on school premises only. Students must show up to every clinic they are scheduled for and must show up to clinics on time and be ready to perform massages. Unapproved absence from clinic costs \$35.00 per hour to make up. Source Institute provides clients for students, however, if a student fails to show up for their clinic unless that student is in a situation not under their control that prevents them from attending, Source Institute will no longer provide clients for that student and that student must provide their own client until the director agrees that the student has shown the ability to show up for clinics at their designated time consistently. The same rule applies to students that show up late for clinics three times within the program. If a student must cancel for a scheduled clinic, he or she must cancel within 12 hours. For students that must provide their own clients will receive one hour of class time for each client they massage.

MAKE-UP TEST

Students may make up a test due to an absence. Make-up tests must be taken within one week of them returning to school. Students who miss a test will lose 10 points off their final score for that test. Make-up tests may only be taken during school hours in the presence of an instructor and cannot be made up during that student’s scheduled class. It is not the responsibility of the instructor to inform the student that he or she needs to make up a test. The student must inform the instructor that he or she missed hours and find out if there is any make-up test to be taken.

STUDENT CONDUCT

All students are required to conduct themselves in a professional manner, taking their studies seriously. Respect is to be shown to all instructors and fellow students. No student will be permitted to attend class while under the influence of alcohol or other intoxicating substances. Smoking is not allowed within the school’s facilities. Students must participate in all classroom activities. Students that refuse to participate in the activity will be marked absent for each hour that the student refuses to participate. This includes the exchange of services. The exchange of services must take place in either of the classrooms and not in the break room, bathrooms, reception area, or outside of the building. Source Institute reserves the right to dismiss any student whose conduct is unsatisfactory or detrimental to the best interest of the faculty, staff, or other students.

CLASS PARTICIPATION

Students must participate in all classroom activities. Students that do not participate at all or participate with minimal effort will be asked to leave the classroom and will be marked absent for that hour.

DRESS CODE

Students are required to dress in a manner that is comfortable yet respectable, and to conform to acceptable standards of good taste in grooming and overall appearance. They are encouraged to wear scrubs, but not limited to this uniform, if each student complies with the school’s standards of professional presentation.

CLASS SIZE

All courses are to be taught on campus by an instructor. There are no online courses or distance learning. Class size is closely monitored to facilitate quality instruction. Class size for lecture style classes and labs typically includes up to 12 students to one

instructor. Clinical massages completed at any event not taking place on the school campus may have up to 10 students to one instructor. Clinical massages are hands on massages to the public for training. No compensation for these massages is received by any student.

STUDENT WORK

Source Institute reserves the right to make copies of all student work and to use such in promotions without the student's prior written consent.

HONOR CODE

Cheating and related forms of dishonesty will not be tolerated. Cheating gives your instructors and future employers a distorted view of your true abilities and is very unfair to more honorable students who try hard to earn honest grades according to their abilities. Students caught cheating will automatically be expelled from the class in question. The student may also be expelled from the school. If not expelled from the school, the student may retake the class from which they were expelled the next time it is offered. Students accused or suspected of cheating without clear and convincing proof may be required to re-take tests under controlled conditions to guarantee a fair grade for all.

AUDITED AND REFRESHER CLASSES

A student auditing a class receives neither a grade nor class hours for that subject. He/she is permitted to attend all classes but is not required to submit assignments or to take examinations. Tuition is charged on the same basis as for a class hour. Since no credit is given for an audited class, it does not apply towards the fulfillment of a program requirement. No change from audit to credit status, or from credit to audit status, may be made after the beginning of class. A refresher class is one in which the student has had at least the equivalent instruction offered in the class to be reviewed. Graduates of the institution have the option of taking a refresher class with no tuition charged, provided the class pertains to their course of study.

Non-graduates will be charged the same tuition rates per class hour. No grades or credit for class hours will be awarded, nor does the student have to fulfill the regular course requirements. The instructor has no obligation to the student except for permission to attend class. Graduates and current students may use the equipment and facilities of Source Institute for educational purposes during regular school hours.

GRADING

The standard letter system of grading is used as follows: A – 100-90; 4.0 quality points; B – 89-80; 3.0 quality points; C – 79-70; 2.0 quality points; F – below 70; 0 quality points; P – Pass; 0 quality points; TP - Transfer Pass; 0 quality points; I – Incomplete (An "I" is given in the event that a student does not complete the course requirements of the course syllabus. This "I" will be converted to a letter grade by the end of the next grading period, or three weeks, whichever is greater); W – Withdrawal will be given to a student who withdraws before the mid-point of a particular course; WP – Withdraw Passing will be given to a student who withdraws with a passing grade after mid-point of a particular course. WF – Withdrawal Failing will be given to a student who withdraws with a failing grade after mid-point of a particular course. Students may repeat an individual course with approval from the director. Upon repeating a course or subject, the student will receive credit only for the highest grade earned. The lower grade will be removed from the student's transcript.

TRANSCRIPTS

Transcripts are available upon request unless the student is indebted financially to the school. No transcript of grades will be released without the student's prior approval in writing. Each graduate is issued an official transcript of his academic record. Each subsequent transcript for a graduate is provided after receipt of a \$2.00 fee. A government agency that periodically requires a transcript to determine a student's progress is exempt from this fee. Student academic records are kept permanently by the school.

GRADUATION REQUIREMENTS

A student must meet the following criteria to graduate from Source Institute. Upon successful graduation from the program, the student will receive a detailing that the student has completed the required number of hours in the program that he or she has attended. They will also receive a transcript listing the number of hours completed in each course of the program.

1. Each student must maintain an overall 2.0 grade point average.
2. Each student must pass each required course in his/her curriculum with a grade of "C" or better.
3. Each student must be in good financial standing with the institution before being allowed to graduate.
4. Each student must complete any additional programmatic criteria as required by the institution.
5. Each student must pass an exit exam covering 12 key areas of massage therapy.
6. Each student must complete 600 class hours for the massage therapy program or 800 hours for the extended massage program.

ADVANCED STANDING & PRIOR CREDIT

Source Institute may grant full academic credit for many courses to those students who have successfully completed the same or substantially the same subjects on a post secondary level as those listed in our catalog which can be located on our website at www.source-institute.com. The student must have earned a grade of "C" or better and the student must have been taking course work at the postsecondary level within the last two years prior to their expected start date at Source Institute. At least twenty-five percent (25%) of the credits or hours required for completion of a program must be earned through instruction taken at Source Institute. It is the student's responsibility to have official academic transcripts sent to Source Institute and to provide a catalog containing course descriptions. The transcripts and prior school's catalog will be reviewed. The decision to grant credit for prior schoolwork shall be approved by the director. Written verification will be placed in the student's file. Transfer of credit from other institutions are recorded as grades of "TP" and are not counted as earned nor used when calculating grade point average. If a student believes that his/her prior knowledge or experience is enough to warrant waiving a class requirement, a comprehensive inventory test will be administered to him. A minimum grade of "B" is required to waive the class. This test is to be taken in advance, if possible, but not later than the first week of class. Upon successful completion of the test, the student may select an elective to replace that class or choose to waive the elective in favor of reducing time in school. Advanced standing credits are recorded as grade of "P" and are counted as hours earned but are not used when calculating grade point average.

TRANSFER OF CREDIT

Most courses offered by Source Institute are nonacademic and do not imply or guarantee transferability of credits earned while in pursuit of the certificate or diploma. The transferability of credits earned at Source Institute is at the discretion of the accepting school. It is the student's responsibility to confirm whether credits will be accepted by another institution of the student's choice.

CLOCK HOURS

One clock hour represents 50 minutes of instruction in the presence of an instructor. 50 minutes of instruction is measured as a unit of credit.

Termination from the school may result for any of the following violations:

1. Students who engage in behavior that reflects unfavorably on fellow students or on the school.
2. Students who interfere with the progress of other students or the presentations of any member of the staff or faculty.

If the student meets the requirements of satisfactory progress standards, they will no longer be on probation.

A. Grade Point Average: Students must maintain a 2.0 GPA always while in school and to graduate. The student progress must meet the institution's satisfactory progress standards including a GPA of at least 2.0 on subjects taken during the first grading period after re-entry. D. Remedial work is included in all satisfactory progress determinations.

E. Appeal/Mitigating Circumstances: When a student has extraordinary or mitigating circumstances, an appeal may be submitted in writing within 30 days to the director of the institution. These circumstances will be considered in deciding on the student's satisfactory progress. The student's appeal must state the circumstances and reasons the appeal should be considered. The director will consider each case on its own individual merit and make a final decision within 30 days of receiving the written appeal. If the appeal is overturned by the director, the student will be notified and allowed to continue in the program and will be on academic probation until satisfactory progress has been achieved. If the appeal is not approved, the student will be dropped from the program. These standards are designed to give each student a reasonable opportunity to progress and obtain their educational goals. Understanding and compliance of these academic standards are important.
